

OMACH Evaluation Poetry

Once upon a time the youngsters met tired
Open-minded, active, creative, hired
Since the first night while sleeping next to shower
We obtained the full amount of Erasmus+ power

Being late was not on our list
But Marcin and Ola showed us the fist
445 and 145 was the code for cheer
Please come by and bring some beer

Chiki chaka sing sang sung
Turned the night into drink drank drunk
Breakfast hotdog was our ultimate hail
And later rushing to the tram with our faces pale

OCH TEATR was our favourite spot
'Nastepnij przystanek' - that's the next stop
We have got everything in Jack's
Only air was the thing that lacks

Secret friends' gifts were not that random
When Marcin gave to Stanko a package of condoms
Somebody wanted to be a good friend
Just to help him having the happy end
Leaving now the funny part of the story
We want to put Marcin at the peak of glory
We enjoyed at the fullest being the LipDub movie star
As we expanded our knowledge that far
Once upon a time the youngsters met wired
Open-minded, active, creative and hired!
